

## Traffic from Bolte Bridge heading to CityLink Tunnels

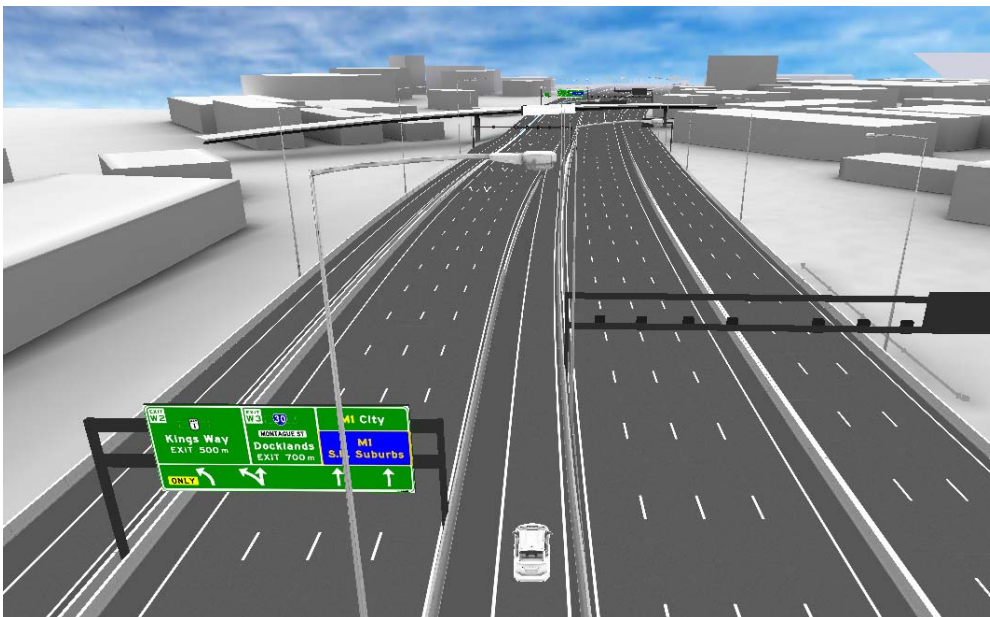

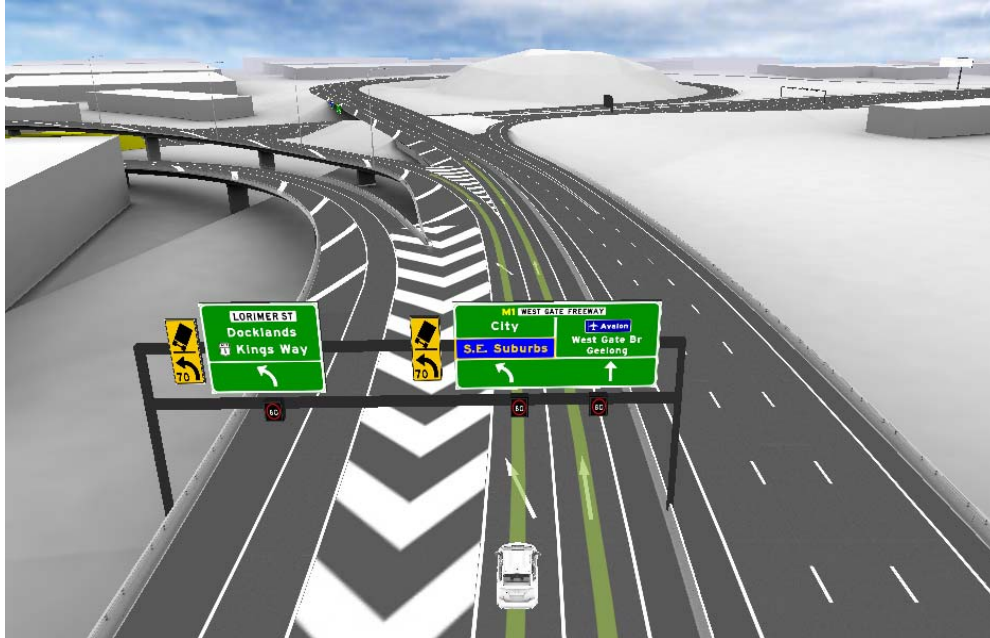

If heading to the South Eastern suburbs via the Burnley Tunnel, you will need to get into the middle lane on the Bolte Bridge.

Please note:

- The lane on the left will take people to Lorimer Street, the Docklands and Kings Way
- The right lane will take people to the West Gate Bridge and Geelong.

Once in the middle lane, you will turn left onto the new ramp to join the main freeway traffic in the far right hand lane of the West Gate Freeway.

You will have to follow the blue signs with yellow writing that say 'S.E Suburbs'. To head into the Burnley Tunnel, stay in one of the right hand lanes.
